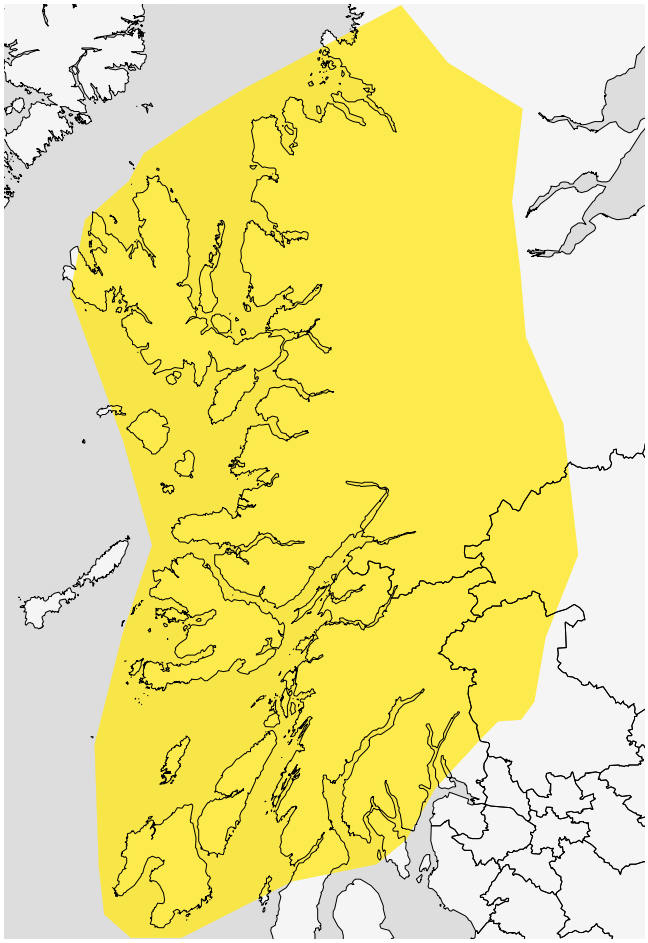
Yellow warning
Rain

Between
18:00 Sat 12 Sep 2020 and
23:59 Sun 13 Sep 2020



Heavy and persistent rain is expected to develop over western Scotland during Saturday evening and continue through much of Sunday.

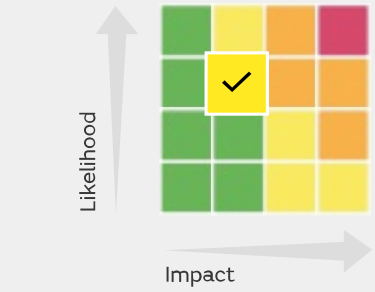
What to expect

- Flooding of a few homes and businesses is likely
- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer

Further details

A band of heavy and persistent rain will arrive across western Scotland during Saturday evening, and continue through much of Sunday. Many places in the highlighted region will see 25-50 mm of rainfall however, over the hills and mountains, peak totals of 120-160 mm are likely during this time.

In association with the rainfall, there will be a period of strong southwesterly winds, although these are not expected to be overly impactful, they may make travelling conditions more challenging in places.



Medium likelihood of low impacts

Issued at 10:41 Thu 10 Sep, 2020
